PROFESSIONAL SUMMARY

Dedicated Frontend Developer with over three years of hands-on experience in creating responsive and user-friendly websites and web applications. Adept at translating design concepts into efficient and well-structured code, with a strong focus on delivering exceptional user experiences. Proven track record of successfully collaborating with cross-functional teams to deliver high-quality projects within deadlines. Detail-oriented and passionate about staying up-to-date with the latest industry trends and technologies in frontend development. Demonstrated ability to troubleshoot, optimize, and enhance existing codebases for improved functionality and performance.

TECHNICAL SKILLS

- Programming Languages: HTML5, CSS3 (Flexbox, Grid), JavaScript (ES5, ES6+), DOM manipulation
- JavaScript Library: React.js (JSX, Hooks)
- Web Technologies: RESTful APIs, JSON, HTTP, Webpack, NPM, Responsive Web Design
- JavaScript Runtime Environment: Node.js, Express.js
- Front-End Framework: Bootstrap
- Content Management System: WordPress (Themes and Plugins)
- Development Tools & IDE: Visual Studio Code, Chrome DevTools, React DevTools, Balsamiq, Postman
- Version Control System: Git, Github

EXPERIENCE

WEB DEVELOPER - FREELANCE

July 2023 - Present

Self-employed | Bay Area, CA

- Develop responsive and user-friendly websites for clients in various industries, ensuring a seamless user experience.
- Utilize HTML, CSS, JavaScript, and other web technologies to create visually appealing and functional websites.
- Integrate third-party APIs and tools to enhance website functionality and improve overall user experience.
- Conduct thorough testing and debugging to ensure the optimal performance of websites across different browsers and devices.
- Demonstrated effective project management skills, meeting deadlines and delivering high-quality results to satisfied clients.
- Stay up-to-date on emerging technologies.

DATA PRODUCTION CONSULTANT

December 2019 - February 2020

Outward, Inc. | San Jose, CA

- Managed an internal web application and database, ensuring the accuracy of customer and account information.
- Conducted thorough reviews and data validation, making corrections, deletions, and re-entries as needed.
- Consolidated data from disparate systems to complete account information.
- Utilized a combination of Adobe, Excel, and proprietary software to record and maintain client data integrity.
- Actively participated in Quality Assurance meetings, contributing to the assurance that the final product met and exceeded customer expectations.

WEB DEVELOPER ASSOCIATE

January 2017 - January 2018

B&B Engineering & Telecommunications | San Ramon, CA

- · Utilized React.js to create dynamic UI components, enhancing user engagement and overall interactivity of web applications.
- Collaborated with UX/UI designers to enhance the user interface, resulting in a 20% improvement in overall user satisfaction.
- Created accessible, responsive and functional user interfaces to allow visitors on any device to have the same perfect user experience.
- Translated comprehensive design layouts into HTML5/CSS3 pages, ensuring a seamless user experience.
- Executed debugging processes to maintain high-quality web applications and implemented enhancements that significantly improved web functionality.

SOFTWARE ENGINEER ASSOCIATE

June 2016 - December 2016

IT Management Corporation | San Jose, CA

- Implemented dynamic web page functionality using JavaScript and the DOM to enhance user interactivity.
- Employed functional programming techniques and behavioral design patterns to build scalable and easily maintainable codebases.
- Integrated external APIs using JSON to retrieve and display data on the website.
- Created highly interactive user interfaces using a tech stack that included HTML5, CSS3, JavaScript, and React.js.
- Collaborated effectively with cross-functional teams including designers, QA testers and project managers, to ensure project success and timely delivery.

MEDIA INTERN

International Technological University (ITU) | San Jose, CA

- · Designed and developed responsive landing web pages using HTML, CSS, and JavaScript.
- · Crafted user-friendly forms to collect and validate data effectively through HTML and JavaScript.
- · Enhanced web page aesthetics and functionality by implementing CSS and JavaScript for design goals.
- · Ensured systematic organization by archiving both old and new courses on ITU's server, utilizing tools like S3Fox and ITU Cloud.
- · Managed the capture, editing, and uploading of classroom video content to ITU's EMS online platform using Aimersoft Total Media Converter software.

PERSONAL PROJECTS

PORTFOLIO November 2023

https://atefehj.github.io/My-Portfolio/

- · Developed a responsive website to showcase my projects
- Utilized HTML5, CSS3, JavaScript and DOM manipulation

WEATHER FORECAST WEB APPLICATION

June 2023

https://sordid-fascinated-catsup.glitch.me/

- Developed a dynamic web application using a technology stack that included HTML5, CSS, JavaScript, Bootstrap, EJS, Node.js, Express.js, and Third-Party APIs.
- Designed and coded a user-friendly single-page application (SPA) that interfaces with the OpenWeather API to provide real-time temperature data for user-specified locations.

GUESSING A SECRET NUMBER

June 2022

https://atefehj.github.io/Guess/

· Created using HTML5, CSS, JavaScript, and DOM.

BURGER BUILDER APPLICATION

April 2021

https://atefehj.github.io/burger-builder-project/

• Developed using HTML5/CSS3, JavaScript (ES6), and React.js.

FOOD WEBSITE June 2018 – July 2018

https://atefehj.github.io/My-Recent-Project/

• Designed a responsive website using HTML5, CSS/CSS3, and jQuery.

CERTIFICATIONS AND AWARDS

THE COMPLETE JAVASCRIPT COURSE

July 2020

Certificate by Udemy

WORDPRESS COURSE September 2018

Certificate by Udemy

RESPONSIVE WEBSITES WITH HTML5 AND CSS3

May 2018

Certificate by Udemy

EDUCATION

MASTER OF SCIENCE IN SOFTWARE ENGINEERING

International Technological University (ITU) | San Jose, CA

January 2014 - January 2016

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

Sharif University of Technology (SUT) | Tehran, Iran

September 2006 - June 2011
